Overview

The **Digital Tech Summit**, an initiative of the Tech Tour and the **International Venture Club**, will take place in **Lisbon** on **October 20-21, 2015** and will focus on showcasing the **best investment opportunities** within the digital industry in Europe.

The agenda will include **36 company presentations** by CEOs on October 20, discussion panels, keynotes and top level networking including the **Networking Dinner**. 150 guests will be present at the Lisbon City Hall dinner on October 20, representing the "Who's Who" of the Digital Tech and Venture Capital market who are invited to join our Tech Tour delegates, including top executives from blue chip technology companies, international venture capitalists, investment bankers, specialized press, regional accelerators and advisers coming from all around the world.

On October 21, investors and corporates are invited to join the **Investor Roundtable Program on Corporate Venturing** held at

Arranca hoje no Instituto Superior de Economia e Gestão (ISEG) o Digital Tech Summit, um evento dedicado a startups com o objetivo de mostrar as tendências tecnológicas para os próximos anos assim como proporcionar encontros entre empreendedores e investidores em capital de risco

PUB

Este ano estarão presentes 36 startups de 20 países distintos, sendo que dessas nove são portuguesas. As startups Aptoide, Seedrs, Codacy, CrowdProcess, Movvo, Passworks, Talkdesk, Uniplaces e Hole19 poderão assim ter a oportunidade de avançar os seus negócios.

Juntamente com estes encontros também terão lugar conferências com alguns dos maiores representantes de empresas especializadas em investimento de startups.
