

Teraloop Top Presenting Company at Tech Tour 2018 Cleantech Summit

November 26, 2018

Philippe Pépin

Teraloop is grateful to have received the opportunity to present our technology at the latest Tech Tour 2018 Cleantech Summit, that has taken place in Rotterdam, Netherlands on November 21-22 2018.

The Cleantech Summit - Energy Transition, an initiative of the Tech Tour and the International Venture Club (IVC), hosted by the City of Rotterdam, focused on showcasing the best investment opportunities within the cleantech industry in Europe.

This year the competition was enormous with 115+ applications, of which only 31 made it to the Summit to showcase their innovative technologies, striving to reshape the global Cleantech industry. The list of presenting companies can be accessed [here](#).
