to meet and present themselves to active international investors and corporations seeking for investment and partnerships.

30 technology start-ups from across Europe will be selected to present at the Forum by members of the Selection Committee of Expert Jury who will assess them on the basis of their business potential, technology merit, competitive position, investment interest and team experience.

The selected companies will have the opportunity to present in front of an international audience at the upcoming European Mobility & Industry Venture Forum, where they will have the chance to meet active international investors and corporations seeking investment. They will also be given the option to attend free One2One meetings with investors to personally discuss opportunities for investment and partnerships.
