

 **TechTour**

European Hydrogen

Transport Dialogue

20-21 September, **Nuremberg, Germany**

European Hydrogen Financing Forum

HYDROGEN EUROPE AND TECH TOUR
PRESENT THEIR FIRST-EVER EUROPEAN
HYDROGEN FINANCING FORUM 2022 (EH2FF).

The Forum features multiple rounds of live events and roundtables with additional online sessions, where key players along the hydrogen

value chain will have access to 120 of the most ambitious hydrogen projects seeking strategic funding and partnerships. Part of the pan-European roadshow is the [European Hydrogen Transport Dialogue](#) organized in collaboration with the [Hydrogen Dialogue](#).

Why join the European Hydrogen Transport Dialogue 2022:

- **Meet** the most ambitious hydrogen projects and the most active 100+ invited-only financiers, corporations, clusters and advisors
- **Interact** on your opportunity and gain valuable contacts, insights, meetings and peer recognition
- **Benefit** from the digital platform and live/online event sessions of an invitation-only collaborative network

What are your benefits:

- **Present** the activities and focus of your company onsite in Nuremberg, Germany, 20-21 September 2022. Receive additional exclusive invitation to the Hydrogen Dialogue on 21-22 September.
- **Network** freely with dynamic fellow entrepreneurs, venture capitalists, government, corporate and financial specialists.
- **Schedule** One2One meetings onsite with participating investors and companies.
- **Be a part of** inspiring and exciting keynote speeches and discussion panels.
- **Participate** in Online Project academy: Dry-run your pitches with leading experts in the field to gain valuable feedback on the most effective presentation style to maximise your impact.
- **Get visibility** on the event website and during all sessions.
- **Free** of charge participation if you are among the top 30 selected projects.
- **Attend and present** at Tech Tour's flagship event Future 23 and pitch in front of 1000+ investors, corporates and players active in different tech areas if you are one of the award winners of EH2FF.

European Hydrogen

Transport Dialogue

20-21 September, Nuremberg, Germany
